Dear [redacted]

25X1A

Recently a member of the Security Committee staff, who concurrently serves the United States Foreign Intelligence Surveillance Court, needed to hold, on short notice, a secure conversation with one of the judges of that court. The FBI Intelligence Division and the Newark, New Jersey Field Office did yeoman service in making this possible. Special Agent [redacted] of the Intelligence Division and I'm sure several persons with the Newark Field Office arranged for the judge to be brought there for a secure phone conversation. Since the matter to be discussed was time sensitive, this assistance was essential to accomplish the task at hand.

Would you please convey my special thanks to [redacted] and his office and to all those in the Newark Field Office who were so helpful and efficient in this matter. The cooperative spirit they evidenced is happily typical of the support I've come to expect from the FBI in national security matters.

25X1A

Sincerely,

[redacted]  
Executive Secretary
